The Mayor brought up the purchase of the Casey's building. The City attorney had questions on the contract as to possible contamination issues in the future. The City engineer had been contacted and suggested further testing be done and this is a common procedure. Third party verification would go a long way to assure no problems at the site. The council asked for costs to be put together but they wanted the testing to be done right away.

Alderman Moore asked the situation with water at the trailer court and the condition of some of the mobile homes at the site. The site is outside the City so the Health Dept. should be contacted to secure an inspection of at least one mobile home.

Alderman Cheek brought up the mud left after the construction along the railroad. This will be looked at again.

Motion by Billie Cheek second by Matt Clemmons to adjourn.

Roll Call:

Polley-yes
